# **MATERIAL SAFETY DATA SHEET**

#### I. PRODUCT IDENTIFICATION

EBP 2505 TL Product name

**Unsaturated Polyester Resin** Common chemical name

Non Wax, high reactivity and pre promoted of ortho type Synonyms

polyester resin

#### II. INFORMATION ON INGREDIENT

Hazardous Ingredients % **CAS Number** EC number 10 - 40 100-42-5 202-851-5 Styrene Monomer

#### **III. HAZARD IDENTIFICATION**

Potential Health Effect:

Irritation, tearing, eye damage Eye contact: Irritation, symptoms of drunkenness Skin contact

Irregular heartbeat, kidney damage, liver damage, cancer Ingestion

Irritation, metallic taste, vomiting, headache, symptoms of drunkenness, liver Inhalation

damage, coma

## **IV. FIRST AID MEASURES**

Rinse with plenty of water immediately. Seek medical attention. Eye contact

Wash with plenty of soap and a large amount of water immediately. Take the contaminated clothing off. Seek medical attention if irritation develops. Skin contact

Do not induce vomiting because of risk of aspiration. Rinse mouth with water. Ingestion

Seek medical attention. Move to fresh air and take a rest. Apply artificial respiration if difficulty in

Inhalation breathing. Seek medical attention after significant exposure.

#### V. FIRE FIGHTING MEASURES

31.1 °C (tag closed cup). Flash Point 145,0° C (760,0 mmHg) **Boiling** point

Ignition temperature

Use water spray to cool fire exposure surfaces and to protect personnel. Use Fire fighting

foam, dry chemical, or water spray to extinguish fire.

Carbon monoxide (CO). Hazardous product of combustion None known.

Unusual fire & explosion hazard 1,1 % Lower explosion limit 8,0 % Upper explosion limit

1

Protection of fire fighters

: Wear protective clothing & use self-contained breathing apparatus.

#### VI. ACCIDENTAL RELEASE MEASURES

Personal precaution : Use protective equipment.

Environmental precaution : Keep away from drains, ground water & soil.

Method for cleaning up : Collect as much as possible in a container for disposal. Cover the remainder with inert absorbent, sand or soil. Disposal according to local regulations.

#### **VII. STORAGE AND HANDLING**

Handling : Keep away from heat, sources of ignition, and no smoking.

Storage : Keep in a cool, dry and well-ventilated place.

This product is stable under normal conditions of handling and storage.

## **VIII. PERSONAL PROTECTION**

Personal Protective Equipment

Hands

Eyes : Use safety glasses with side shield.

 Although this material doesn't irritate skin significantly. To minimize skin contamination by following good industrial practice. Wearing protective

gloves is recommended.

Skin & body : Although this material doesn't irritate skin significantly. To minimize skin contamination by following good industrial practice. Wash contaminated skin

thoroughly after handling. Avoid breathing vapour.

Respiratory system : Use local exhaust ventilation or handle in a ventilated enclosure. For greater

protection wear respiratory protective equipment is recommended.

## IX. PHYSICAL PROPERTIES

Physical state & appearance : Liquid, Red violet

Viscosity at 25° C,Brookfield#3/60 : 500 - 600 cPs

Odor : Styrene like

Boiling point : 160 – 260°C

Water solubility : Insoluble

Specific Gravity (25°C) : 1.1 – 1.12 g/ml

### X. STABILITY & REACTIVITY

Stability, in darkness at 25° C : 3 – 6 months

Condition to avoid : Excessive heating.

Material to avoid : None known

Hazardous Decomposition Product : None known

## XI. TOXICOLOGICAL INFORMATION

PT. Eternal Buana Chemical Industries has not conducted toxicity studies on this material. No toxicological information is available

#### XII. COMPONENT INFORMATION

Polycondensation product of carbodicylic acids or anhydrides with dihydroxy alcohols. The polymer is cotaining unsaturation and dissolved in styrene monomer as crosslinking agent.

#### XIII. ECOLOGICAL INFORMATION

PT. Eternal Buana Chemical Industries has not conducted environmental toxicity or biodegradation studies on this material. No ecological information of this material is available.

### XIV. DISPOSAL CONSIDERATION

Controlled incineration or recycle. Disposal method

### XV. TRANSPORT INFORMATION

International transportation regulations:

1866 UN number

Resin in solution (flammable liquids) Proper shipping name

Clasification of Hazardous Materials

## XVI. REGULATORY INFORMATION

Not available Local regulations

## **XVII. OTHER INFORMATION**

This above data and information applies to the product as such and confirming to specifications given PT. Eternal Buana Chemical Industries. While the information is believed to be correct, PT. Eternal Buana Chemical Industries shall in no event be responsible for any damages what so ever, directly or indirectly resulting from the publication or use of or reliance upon data contained here in. Users are advised of possible additional hazard when the product is used in applications for which it was not intended. This sheet only be used and reproduced for prevention and security purposes.
